

THE IMPACT OF THE NWRA WOMEN'S COUNCIL SCHOLARSHIP

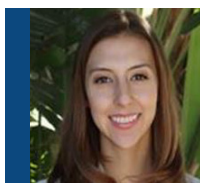

Jennifer Buckner - 2017 Recipient
Dependent - Republic Services

The Women's Council scholarship is helping Jennifer work towards her Diesel and Heavy Equipment Technology degree.

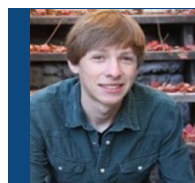

Audrey Aviles - 2016 Recipient
Employee - Advanced Disposal

The Women's Council Scholarship helped with Audrey's academic finances.

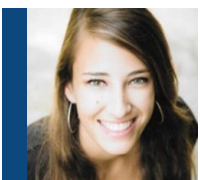

Tania Ragland - 2015 Recipient
Employee - Republic Services

"A truly wonderful scholarship! It gave me great recognition within my company and helped me get closer to finishing my degree. Very appreciative of the opportunity!"

Levi Sedlock - 2015 Recipient
Dependent - Hamm Companies

"It is a helpful scholarship, and I would recommend it to all looking to pursue a STEM career"

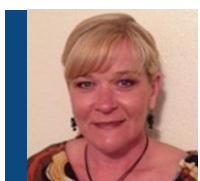

Victoria Vogel - 2014 Recipient
Dependent - Vogel Disposal Service

The Women's Council scholarship has helped Victoria in her studies in Business and Leadership at West Virginia University. She is now the Special Coordinator for Vogel Disposal Service.

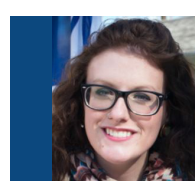

Marla Menchaca - 2013 Recipient
Employee - Republic Services

"Receiving [the] scholarship allowed me to take an Environmental Law research class. I learned how to research Environmental code, federal statutes, and admin law. Legal research is an essential lawyering skill."

Laura Morris - 2013 Recipient
Employee - Seacoast Disposal

"Can not say thank you enough for helping me along this path. Everything from the award breakfast to receiving the help was outstanding!"

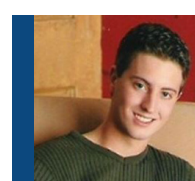

Kaitlyn Trent - 2013 Recipient
Dependent - Waste Management

The Women's Council scholarship has helped Kaitlyn in her studies in Environmental Policy and Analysis at Bowling Green State University.

Joshua Sjogren - 2008 Recipient
Dependent - E.L. Harvey & Sons

The Women's Council scholarship has helped Joshua in his studies in Environmental Science at Curry College. As a result, he is a field supervisor for a maintenance crew at a local reservoir for watershed protection.

Drew Landoll - 2007 Recipient
Dependent - Waste Corp of America

The Women's Council scholarship helped Drew in his studies in Civil Engineering at University of Missouri - Rolla. As a result, he is now Manager of Strategic Projects for an electric utility. Drew was previously an environmental consultant in the landfill arena.
